

Egyptian & Dudley House

Newsletter Issue 008

January WC 29-01-2024

Project Overview

Welcome to our bi-weekly newsletter for our Fit-Out project here at Egyptian & Dudley House

Below is a lookahead to the upcoming works over the next two-week period;

The Front Elevation Scaffolding is now complete and we will be installing the hoist and lifting beam with runoffs into the building at every level. We have also started the installation of the shrink wrap across the front elevation.

We have now completed the strip out of all levels except level 3 which we are aiming to do in the next two weeks.

Works in the retail units are continuing with all lanterns now removed. We have installed rib decks in Paul, Richoux, Luisa Spagnoli, and Case. Whisky is to follow next.

Structural alteration works have commenced within Egyptian and Dudley House, the focus of which will be structural strengthening on levels 6 and 5.

The work in the restaurants (Richoux and Paul) is progressing well. We have removed the lanterns, installed the decking to close the holes, and currently progressing with the openings to the parting walls and spraying of soffits.

Our permitted noisy work hours are as detailed below;

Mon – Fri

08:00-10:00

12:00-14:00

16:00-18:00
