

# Egyptian & Dudley House

## Newsletter Issue 010

### February WC 26-02-2024

## Project Overview

Welcome to our bi-weekly newsletter for our Fit-Out project here at Egyptian & Dudley House

Below is a lookahead to the upcoming works over the next two-week period;

Front Elevation Scaffolding is now complete, with run offs to the floor also complete. The hoist and lifting beam has now been installed and the shrink wrap on the front elevation is now complete. We have also installed scaffolding to the rear of the building.

Our structural strengthening works are continuing through the floors with focus being on levels 2 and 1. We have installed 8 noise and 8 vibration monitors. We have also started the strip out of level 3 and these works are progressing well.

On the level 1 terrace we have installed ply around the openings to commence with the felting in order to infill these.

The works in the restaurants are progressing well, we are currently undertaking works to the ceilings, which include the installation of 30-minute rated fire ceiling. We are also spraying the ceilings.

Our permitted noisy work hours are as detailed below;

Mon – Fri  
08:00-10:00  
12:00-14:00  
16:00-18:00

### Contact Details

It is our intention to minimize any nuisance or disruption. If you have any questions, concerns or suggestions please contact:
